*Transmedia Experience*

Welcome!

If you're unsure of what a *transmedia experience* is, never fear! In order to experience the story of *Mage Wars*, you must be willing to travel across the internet from Instagram to Twitter, read a cryptic email address from the protagonist, and witness an awkward text chat between friends. Read the posts, look at the photos. Only then will you understand the predicament that Archie, the archaeologist in the year 2050, has gotten himself into.

In order to start, send Archie an [email](#). Tell him anything you want. Trust me. He's got a lot to tell you!

If the link doesn't work for you, here's Archie's email address: [archiethanthro@gmail.com](mailto:archiethanthro@gmail.com)
